Do you have any suggestions for improving the website's design?

5 responses

N/A

It's fine for what it is

Reminds me of an elementary classroom. Looks like a children's game

Change the color template

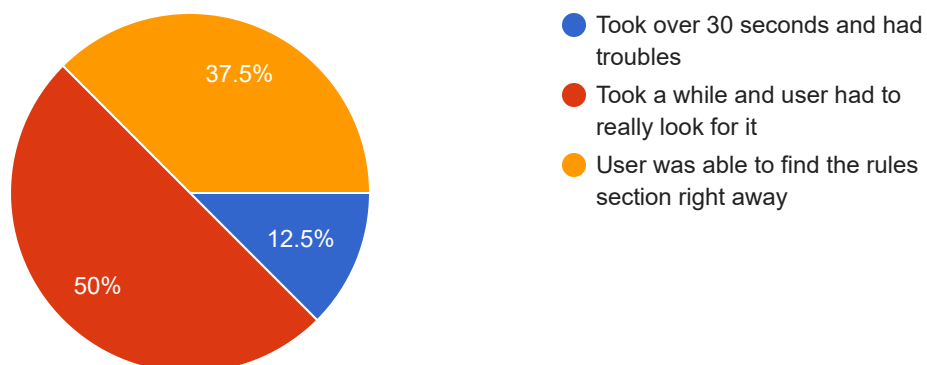

Change the colors of the background and other modals on the screen so it's not all blue and has better contrast

## Rules and Tutorial

Is the user able to find the rules section easily?

 Copy

### Gameplay

How easy is it to get into a basic game. (Can be either with bots or players)

 Copy

8 responses

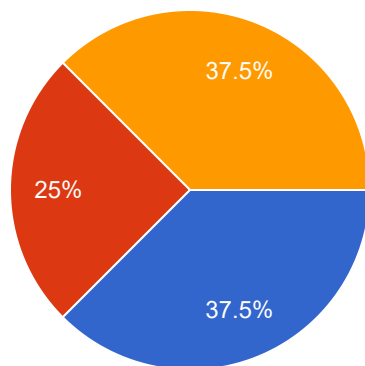

- Was easy and took less than 10 seconds to spot
- Was able to do it pretty quickly and got into a game without too much hassle
- Had some troubles but was able to eventually get into a game
- Needed help getting into a game

Was the person able to start playing the game and understood what they were supposed to do.

 Copy

8 responses

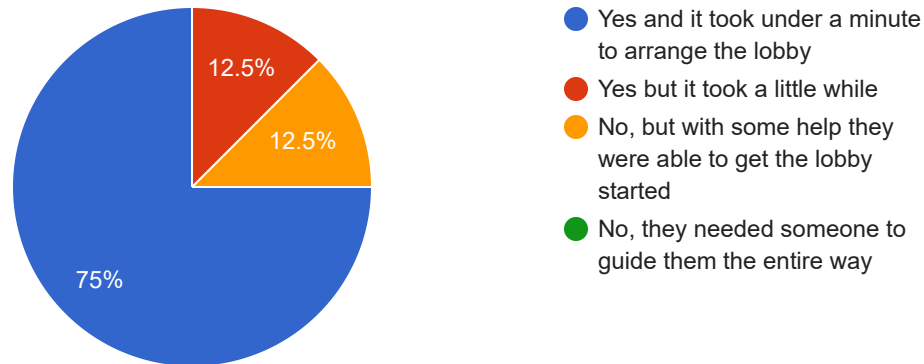

- Yes, they started playing the game under a minute
- Yes, they started but took over a minute to begin to understand
- No, they needed help but then were able to play the game on their own
- No, they couldn't play the game without extra help

Could the person create a game lobby and figure out how to add bots or players?
